Dear Attorney Bradford L. Geye,

Greetings to you.

I am a Taiwanese citizen named [REDACTED], with passport ID [REDACTED]. I am also an investor in the G-Series projects and an ordinary person who strives for justice and truth.

With the utmost respect and trust in your work, I am writing this letter to express my deep concern regarding the case of Mr. Guo Wengui.

For many years, Mr. Guo Wengui has persistently exposed the malicious nature of the Chinese Communist Party (CCP) and its threats and harm to the world. Through the whistleblower movement he initiated, he has revealed the CCP's infiltration of various nations, its control of mainstream media to manipulate public opinion, its enslavement of the Chinese people, and its influence in instigating global conflicts, including wars occurring at this very moment. These revelations have garnered significant recognition from the international community, which has increasingly acknowledged the CCP's malevolence and the fact that it does not represent the Chinese people.

As a supporter and investor in Mr. Guo's projects, I have full confidence in the legality and transparency of the G-Series projects in which I participated. However, in 2022, the U.S. Securities and Exchange Commission (SEC) unexpectedly froze the funds of GTV investors, forcing the projects to halt and resulting in substantial losses for us as investors. To this day, Mr. Guo Wengui remains detained on charges of "financial fraud," which are entirely inconsistent with the facts. As an investor, I can responsibly testify that Mr. Guo has never engaged in fraudulent activities. Everything he has done has been aimed at exposing the CCP's evildoings and protecting ordinary individuals like me from the threats of authoritarian regimes.

Mr. Guo Wengui has been relentlessly persecuted by the CCP, which has mobilized the power of an entire state to destroy his reputation and influence. His assets in China have been unlawfully confiscated, and his family members have been threatened and persecuted. Despite this, Mr. Guo has continued to reveal the truth and remains dedicated to advocating for the establishment of the rule of law and democracy in China, where the

people can enjoy free, transparent elections and equal rights.

Therefore, I earnestly appeal to the court to re-examine Mr. Guo Wengui's case based on the facts. Releasing Mr. Guo would not only affirm his innocence but also uphold the dignity of the rule of law and demonstrate the triumph of justice. While justice may sometimes be delayed, it will never be denied. I hope that in this case, you will uphold justice and inspire hope for those worldwide who pursue freedom and truth.

Thank you for your time and consideration.

Sincerely,

[REDACTED]

Hello Mr. Geyer,

Thank you for filing the ancillary petition for the government forfeiture regarding Case 1:23-cr-00118-AT. I am one of your proud 6000 plus clients. My HID is [REDACTED]. My goal is simple and straight: return the seized funds to me as an investor and owner of the funds. The government should exclude the Himalaya exchange from the forfeiture.

As a firm supporter of the Whistleblower movement, I wired over \$100,000 in 2021 to the Himalaya exchange and purchased HDO and HCN. I was able to use HDO to purchase Gfashion and other goods before the Government stepped in and froze the related accounts.

And the value of HCN once reached \$53.8 US dollars, but it quickly dropped to \$10 before the government froze the platform. I have suffered huge financial loss due to the government's series of attacks of the Himalaya Exchange and other Enterprises, such as seizure, freezing bank accounts and finally forfeiture.

My message is clear: Miles Guo never defrauded me or anybody. Miles Guo is totally innocent. The fact that Miles Guo has been kept in a federal prison is an irony, a joke, and a slap on the face of the US judiciary. Hence, I am truly a victim of the government intervention of our legitimate businesses, and I request a refund of my assets.

Thank you again for taking on a tough stand against the broken judiciary system! Justice shall prevail in the end.

Please redact my name and HID number

Yours sincerely

Dear Mr. Geyer,

Thank you for helping all the customers of HEX fight for our rights(Case 1:23-cr-00118-AT).

My HID is [REDACTED]. On 2021.5.24, I deposited USD 30,000 into HEX. After confirming that I could freely deposit and withdraw funds and use HCN for remittances or purchases, I became very fond of this fast and reliable financial service. As a result, I transferred my family's entire liquid assets of USD 150,000 to HEX.

To my knowledge, HEX has never misused customer funds nor engaged in any fraudulent activities. All my financial losses have resulted from the government's arbitrary freezing of funds and have nothing to do with HEX.

If the government truly intends to protect HEX users, it should immediately unfreeze HEX accounts instead of further harming all HEX customers through lengthy and inefficient legal procedures.

Sincerely your

Dear Brad

My HID: [REDACTED]

I am writing as a client, investor, and customer of the Himalaya Exchange, as well as a steadfast supporter of Miles Guo and the New Federal State of China (NFSC). I wish to clarify that I am not a victim of Miles Guo or Yanping Wang, as some narratives may suggest. On the contrary, I am a victim of the unjust actions of the U.S. Department of Justice (DOJ) and the Securities and Exchange Commission (SEC), which have wrongfully frozen my legally owned assets, rendering my investments inaccessible and severely disrupting my life.

Miles Guo is a courageous individual who has dedicated himself to exposing the truth and fighting against the Chinese Communist Party (CCP). Through his social media platforms, he has consistently revealed critical information, such as the origins of the COVID-19 virus, warned against the risks of vaccination, and worked tirelessly to awaken the public from the deception of unscrupulous media. His efforts have inspired countless individuals, including myself, to stand firm in our support for his mission to dismantle the CCP and build a free future. Recently, Steve Bannon announced that the United States intends to partner with the NFSC to establish a specialized intelligence group, referred to as "Team B," focused on countering the CCP. The NFSC is poised to play a pivotal role as an expert resource, providing intelligence and analysis to combat the CCP's influence. This development reaffirms the legitimacy and importance of our cause.

However, the DOJ and SEC's actions have directly undermined my ability to participate in this movement and sustain my livelihood. The abrupt shutdown of the Himalaya Exchange website and the freezing of associated assets—including my personal cryptocurrency accounts (Hcoin, HDO, and Hpay)—have caused significant financial and practical hardships. These accounts were integral to my daily life, enabling me to purchase goods such as Gfashion apparel, Taiwanese teas, red wines, dried mangoes, and travel packages. Hpay, in particular, served as a reliable payment tool for managing family expenses and supporting my loved ones.

The economic toll has been devastating. The value of Hcoin, a cryptocurrency I invested in heavily, has plummeted from \$53 USD to \$13 USD—a direct consequence of the uncertainty and disruption caused by the DOJ's actions. This drastic decline has erased a significant portion of my wealth, leaving me unable to access or manage my investments. These losses are not the result of any wrongdoing on my part or that of the Himalaya Exchange, but rather the unjust overreach of federal authorities.

I am not alone in this struggle. Many others who share my belief in Miles Guo's vision and the NFSC's mission have been similarly affected. We are law-abiding individuals who

sought to invest in a platform that aligned with our values and offered practical utility through Hpay and related services. The freezing of our assets constitutes a violation of our rights.

I respectfully request your assistance in seeking justice and protecting our legally owned assets from this wrongful seizure. The DOJ and SEC must be held accountable for the harm they have inflicted on innocent investors like myself. I urge you to support our efforts to restore access to our funds and ensure that the Himalaya Exchange can resume its operations, allowing us to continue our economic participation and contributions to the fight against the CCP.

Thank you for your attention to this matter and for any support you can provide. I am prepared to stand by this statement in any forum, including legal proceedings, to defend my rights and the principles I believe in.

Sincerely,

Mar 30 2025

Dear Attorney Brad,

I am the applicant in the claim case 1:23-cr-00118-AT related to the Hi-Exchange , which you are representing. My HID is:

[REDACTED].
As the legal owner of the assets in this claim case, I request that the DOJ return the full amount of the frozen funds that have been seized. In 2021 and 2022, I wired multiple payments in USD to Hi Exchange to purchase HDO and HCN. Before the DOJ shut down Hi-Exchange, I was able to deposit, withdraw, and trade normally. However, after the shutdown, all transactions and withdrawals were forcibly halted.

As the rightful owner of these frozen funds, I do not consider myself a victim of Mr. Guo. Since January 26, 2017, when Mr. Guo made his first exposé, I have remained a steadfast supporter and follower of his for over eight years. I understand his belief in eliminating the CCP and have witnessed his great love and unwavering truthfulness toward his fellow supporters. He has never taken a single penny from me.

It is, in fact, the DOJ that is the real perpetrator. The DOJ froze our legitimate investment funds without our knowledge and, without my authorization, falsely claimed to represent me. It then forced me to acknowledge myself as a victim of the frozen funds in this case. The DOJ has imposed an unjust condition: if I do not admit to being a victim, I will not have the right to reclaim my rightful share of the frozen funds. The DOJ is simply using the seized funds as leverage, coercing us into declaring ourselves as victims of Mr. Guo in order to retrieve our legitimate assets. Their goal is to pressure the court into expediting Mr. Guo's trial.

However, I am not a victim of Mr. Guo—I am a victim of the DOJ. It is the DOJ's actions that have caused my funds to be frozen and have inflicted tremendous financial losses on me. Therefore, I demand that the DOJ immediately return my legally owned funds.

Thank you again for upholding justice and taking a firm stance against the corrupt judicial system, bringing justice back.

Sincerely,

Dear Mr Geyer

Thank you for submitting the ancillary petition regarding the government forfeiture in Case No 1 23 cr 00118 AT I am one of over 6,000 clients of the Himalaya Exchange, with my client identification number (HID) being [REDACTED]. My request is clear and straightforward as an investor and the rightful owner of the funds, I seek the return of the seized assets I believe that the Himalaya Exchange should be excluded from the scope of forfeiture Between 2021 and 2022, I wired over \$50,000 to the Himalaya Exchange to purchase HDO and HCN However, due to a series of actions by the U S government including asset seizures, bank account freezes, and eventual forfeiture I have suffered significant financial losses I must emphasize that Mr Guo Wengui has never deceived me in any way On the contrary, he opened my eyes to the advent of the digital currency era and revealed a world far different from what I had previously understood His impact has been profound, to the extent that I can say he saved my family and me Mr Guo Wengui is entirely innocent, yet he has been detained in a federal prison for over two years I find it deeply ironic that such a situation and its so called legal outcome could occur, as it starkly demonstrates that the rule of law and democracy exist in name only I wish to state unequivocally that my losses result from the weaponization and corruption of the U S judicial system I firmly believe that justice will ultimately be served Once again, I thank you for your resolute stance and efforts in confronting a corrupt judicial system

Dear lawyer! I am a customer of the Himalaya Exchange, and my HID is [REDACTED], I have different opinions regarding the Department of Justice's (DOJ) ruling on the Himalaya Exchange, and I hope you can convey them to the court :

- 1) I am not a victim of Miles Guo, I am a victim of the DOJ, The case against Miles Guo was entirely manipulated by the Chinese Communist Party (CCP) behind the scenes, During the trial, the government openly admitted to cooperating with the Chinese government, I believe this constitutes a form of judicial "unrestricted warfare",
- 2) The Himalaya Exchange was a properly functioning trading platform, Before the DOJ's intervention, I was able to buy and sell assets on the exchange normally, I recall that the price of each H-Coin had risen to approximately \$53, and I was even able to withdrew funds to my bank account to cover my living expenses (I can provide bank statements if needed), However , due to the DOJ's interference , all of my investments have been lost, I demand that the government compensate me for all my losses and provide additional reparations .

Thanks for your help

Dear attorney Brad, hello, first of all, thank you for helping me, an investor of Himalaya Exchange and bringing my voice to the judge. I am not a victim of Mr. Guo Wengui, I am a victim of DOJ. Mr. Guo Wengui helped me, so that I could participate in the investment of Himalaya Exchange and have my own wealth, and he did not cheat me of a penny. Such a good man was framed by bad people and is still in MDC. It is precisely that DOJ seized the funds of Himalaya Exchange indiscriminately and without facts, making my money unusable and suffering huge economic losses. I ask the lawyer to help me plead with the judge to return my money to me and compensate for my economic losses. Thank you!

Hi,

First of all, I want to make it clear that I am not a victim of Mr. Wengui Guo, and he has never deceived me. I have always maintained a trusting relationship with him. However, the current situation has changed. The DOJ (U.S. Department of Justice) has illegally represented us investors and made many unfair decisions. These actions not only include the closure of the official website of Himalaya Exchange , but also involve the freezing of our bank assets. These measures have caused me huge economic losses and seriously affected my personal financial situation and economic interests. My legal rights and interests have been seriously infringed, but I have not received corresponding fair treatment.

Thank you very much!

Dear Judge Torres,

I am a member of Himalaya Exchange, my HID #: 0 [REDACTED]

I am not victim of Miles Guo, I am not victim of Yanping Wang, I am not victim of Himalaya Exchange. I am victim of SEC, DOJ and CCP.

Miles Guo is charged by a white collar crime in New York, but his bail is denied in this case, he has detained in MDC where the most hazardous jail in U.S. for more than 2 years, this is not right, Miles Guo is a Hero, he is number one enemy of the CCP, but he has detained with murderers and drug dealers for such long time. This offers a psychological hint to people, anyone would to challenge the CCP, it come to a sticky end.

As an adult and an investor, I have my own judgement with full information of this case compare with the jury only have partial information because of limited time and legal evidences restrict in court. All those businesses like GTV, Himalaya Exchange, and G-club did not fail, the only reason all those businesses are shut down that is because the SEC and DOJ came in and frozen all their assets, the SEC and DOJ shut those business down.

After watched 8 years of Whistleblower movement since 2017, Miles Guo proved to us lots of infiltration from CCP in New Federal States of China, in United States, in UK, NIH of U.S., World Economic Forum, and World Health Organization..... He proved it to us in a wise way by using social media. Even his twitter account, Facebook, instagram is banned, his YouTube account is banned and then not allow him to livestream, he didn't give up. He established his own social media software, Guo Media, then it was forced to shut down, then he established GTV, then it was forced to shut down again, then he established GETTR.

Miles whistleblowed the coronavirus are the biological weapon on GTV at beginning of 2020, President Trump timely closed U.S. border to prevent the spread of the disease because of Miles' intelligence, it saves

millions American people's life. He whistleblowed the vaccine are biological weapon too, it saved my life, so I didn't vaccine myself, and NFSC are the largest unvaccinated group in the world.

He whistleblowed CCP's 13579 plan, which is a biological weapon plan. 3F Plan which is Foment Weakness, Foment Chaos and Foment the Destruction of America. BGY(Blue-Gold-Yellow) Strategy which Blue means media and social media control, cellphone and computer hacker; Gold means financial bribery plus blackmail; Yellow means sexual bribery by using underage girl plus blackmail. Unrestricted law fare, Unrestricted warfare(including economic, financial, political, monetary, information, media, intelligence warfare.....). You can get all those information on GETTR after GTV was shut down, and YouTube, Facebook, TikTok, instagram are all sensors those relevant information.

Miles also whistleblowed the Zoom are also totally controlled by CCP, but U.S. legal system using zoom a lot for video conference. He whistleblowed American law firm hold the majority of U.S. individual citizen and business organization's secret and intelligence, but CCP can get all those information free by joint venture business with American law firm in China. How CCP will use these legal informations? It will use it to blackmail you. CCP also use BGY strategy target your business and political leader, this strategy has been implemented very successfully in the United States and the world. We have to stop the CCP, if American turns out this way, we all have nowhere to escape.

CCP often sent spy to infiltrate NFSC just like they infiltrate Voice of America, they talk like a follower, and they act like a follower, to earn NFSC audience's trust. They pretend to be a follower in order to invest in G series, and then they alleged being scammed publicly on social media or reported to the police. It doesn't work at the beginning because Miles would return their investing money immediately, then SEC and DOJ came to frozen G series assets, then return those investing fund is not possible, then you know what happened on the court later.

Pleases free Miles Guo if you found:

1. Witnesses lie and commit perjury
2. The witness colluded and cooperated with CCP
3. The prosecutor concealed evidence which favorable to the defendant, like "Bai case file" about CCP's Fox Hunt Operation.

Let him finish his job, I believe Miles will take down the CCP without firing a single shot, I believe Miles Guo is innocent.

Dear Sir,

I am writing to formally clarify certain misrepresentations made in the court documents concerning Mr. Guo Wengui and to submit an official request. In these documents, it has been erroneously suggested that, like thousands of others, I am a victim of Mr. Guo. I must state unequivocally that this allegation is entirely false.

When I initially chose to authorize you as my personal representative, I did so based on the understanding that this authorization was solely to verify my identity as a genuine user of the Himalaya Exchange. There were no other intentions or implications. Therefore, the characterization of me as a "victim" of Mr. Guo is completely inconsistent with the facts and is damaging to my reputation.

In truth, my fellow stakeholders and I voluntarily provided our HID numbers and explicitly authorized you to act as our joint representative for the sole purpose of petitioning the court and the U.S. Securities and Exchange Commission (SEC) for the release of the frozen HEX funds and associated investments. Our position has always been clear: **We are victims of the SEC's actions, not of Mr. Guo Wengui.**

In light of the above, I hereby formally request that my HID number (No. [REDACTED]) be **immediately revoked** and that all inaccurate references to me be **removed from any related legal documents.**

Please understand that if this matter is not resolved promptly and appropriately, I will have no choice but to consider further legal action to protect my legitimate rights and interests. I trust that you will treat this matter with the seriousness it warrants and act swiftly in response.

Thank you for your attention to this matter. I look forward to your timely reply.

Dear Brad,

First of all, thank you for representing the investors of Xibi in our request to retrieve our invested funds.

My Himalaya Exchange ID is [REDACTED]. I opened a personal account in 2021, passed the strict KYC review, and purchased HDO and HCN. I am not a victim of Wang Yanping, but an investor in Xibi. Before the forced shutdown of the Himalaya Exchange, I was actively trading HCN. Due to the illegal government closure and prosecution, I suffered huge losses, and as a result, the price of HCN dropped sharply in a short period of time. My funds have been frozen, and I cannot withdraw them normally.

Please represent our legitimate request in court: to return our invested funds and to lift the court's blockade and seizure of the Himalaya Exchange. The Himalaya Exchange is the financial center of our New Federal State of China to destroy the Chinese Communist Party, and it is also a core target of severe suppression and judicial entanglements by the CCP. The CCP has sent agents to file false complaints and reports, launching large-scale cyberattacks on the Himalaya Exchange. All these attacks prove that the Himalaya Exchange is a genuine enterprise to destroy the CCP, and they also demonstrate that it possesses high standards of technology, security, and clean trading practices.

Thousands of investors and traders like myself are innocent victims of the CCP's fabricated attacks and judicial harassment. Please understand my appeal clearly in court.

Dear Geyer,

I am writing to formally inform you that I am immediately revoking and terminating the authorization previously granted to you to act on my behalf concerning my HID(No. [REDACTED]).

It has come to my attention that you have erroneously used my authorization in relation to Mr. Guo Wengui's cases, which is contrary to my original instructions and intentions.

To clarify, Mr. Guo Wengui has not defrauded me of any funds. My funds have been wrongfully withheld by the U.S. Department of Justice, and I request that you cease associating my personal information with Mr. Guo Wengui's cases. I am also a user of Himalaya Exchange, and all matters related to my funds should be handled by me directly and personally.

As of now, you are no longer authorized to use my HID, represent me, or engage in any actions on my behalf related to my case or Mr. Guo Wengui's cases.

I request that you immediately remove my personal information from all related petitions, documents, and filings concerning Mr. Guo Wengui's case. Please confirm via email that this has been done within 2 business days. You can send this confirmation to [REDACTED]

Failure to comply with this request may result in legal actions. I trust that you will treat this matter with the attention and urgency it deserves.

Sincerely, [REDACTED]

Legal Assistance Request Regarding Himalaya Exchange Issues

pl [REDACTED]

To "brad" <brad@formerfedsgroup.com>

Dear Bradford,

I am writing to seek legal assistance regarding issues I am facing as an investor and user of Himalaya Exchange. My HID number is [REDACTED].

First, I would like to clarify that I am not a victim of Miles Guo. On the contrary, I consider myself a victim of the U.S government actions. Miles Guo has been a leading figure in the effort to expose and oppose the Chinese Communist Party (CCP). Since 2020, he has used platforms such as Twitter, YouTube, Gettr and GTV to spread the truth about COVID-19, warning against the vaccine and explaining that the real objective was not the virus itself but the push for mass vaccination. Thanks to his warnings, neither I nor my family members took the COVID-19 vaccine, and I personally benefited from his insights.

As a firm supporter of Miles Guo and his efforts to eliminate the CCP, I am also a member of the New Federal State of China (NFSC), whose mission is to bring down the CCP. Notably, Steve Bannon has mentioned on his program WarRoom that the U.S. government would collaborate with NFSC to form a "Team B" specializing in intelligence analysis to counter the CCP.

Unfortunately, due to government corruption, the Himalaya Exchange website has been shut down, making it impossible for me to access my HPay account, conduct transactions, or use the platform for purchases such as GFashion items, Taiwanese tea, or private exchanges with fellow members. More critically, the unfair legal proceedings against Mr. Guo have led to a severe drop in the value of HCoin. As a result, I am unable to deposit funds into Himalaya Exchange to purchase HCoin, nor can I withdraw my existing funds from the exchange. This has caused significant financial losses for me and many other users.

Given the situation, I would appreciate your legal guidance on the following matters:

What legal options do I have to regain access to my funds on Himalaya Exchange?

What legal recourse do I have regarding the financial losses incurred due to these government actions?

I look forward to your advice on how to proceed. Please let me know if you need any further information.

Best regards,

Dear sir Brad Geyer,

My name is [REDACTED] I am a Canadian citizen living in Toronto, Canada for years. [REDACTED] the Chinese people shall get rid of the dictatorship and gain democracy, freedom and rule of law in China. I strongly believe that Mr. Wengui Guo (Miles) is a great leader who can lead us to overthrow the CCP in China. I am also here to clearly state that I am not the victim. Thus I do not permit the DOJ to use our refund to make a judgement that Wengui Guo was found guilty, because what the DOJ said is absolutely not true. And I do not agree with the DOJ confiscating my investment. I hope that my investments along with others will contribute to building the New Federal State of China in future.

Dear Sir,

I am writing to address certain facts that have been evidently and deliberately misrepresented and to submit an urgent request for your attention. In the court documents pertaining to Miles Guo, it is suggested that I, along with thousands of others, have been victims of Mr. Guo. However, this assertion does not align with the truth.

In reality, each of us voluntarily provided our HID and appointed you as our co-agent with the express purpose of petitioning the court and the Securities and Exchange Commission (SEC) to release the frozen HEX funds and our investments therein. We are victims of the SEC's actions, not of Miles Guo. Accordingly, I respectfully request the immediate revocation of my HID, identified as [REDACTED] as I believe it is being misused in this context.

Please be advised that I reserve the right to pursue legal action should this matter remain unresolved. I trust you will address this request with the seriousness it warrants.

Thank you for your attention to this matter. I look forward to your prompt response.

Personal statement: I am an ordinary investor in HCN, a cryptocurrency issued by Himalaya Exchange (HIMALAYA EXCHANGE); my Himalaya ID (HID): [REDACTED]. When I invested in GTV, the suppression of traditional banks on us prompted me to invest in the field of cryptocurrency. I believe that legal and compliant cryptocurrency is the future development direction, and I have always been optimistic about it. HCN issued by Himalaya Exchange meets these conditions, has strict KYC, and the transaction is compliant and legal; since its launch, a large number of users have poured in and purchased it, which shows that everyone recognizes and loves HCN cryptocurrency. I personally also purchased more than \$150,000 of HCN and held it for a long time, firmly believing that it will appreciate in the future. The U.S. Department of Justice has seized the Himalaya Exchange for more than one year, and seized our funds remitted to the Himalaya Exchange, claiming that we are victims of Mr. Guo Wengui; I need to make a statement as an ordinary investor about the U.S. Department of Justice's actions. We invested in HCN not because we were deceived by Mr. Guo Wengui, but because we have confidence in cryptocurrency (HCN) and agree with the concept it advocates, so we bought and invested. On the contrary, we are victims of the U.S. Department of Justice, which forced us to return our funds only after we were victims. This practice of judging before trial completely violates the rule of law in the United States. The U.S. Department of Justice only listened to the reports of a very small number of people who claimed to be victims. Himalaya Exchange is completely compliant, legal and transparent. If there are victims, then normal legal procedures should be followed, instead of just listening to the complaints of a small number of people and closing it directly as it is now. This is unfair to thousands of other investors and has caused serious damage to our rights and interests. Himalaya Exchange is a legally registered company. Mr. Guo Wengui is not a legal person and has not obtained any funds from these victims. These people claim to have been deceived by Mr. Guo Wengui and reported to the U.S. Department of Justice. The U.S. Department of Justice closed the normally operating Himalaya Exchange, which is completely inconsistent with U.S. law and can be said to be illegal; it completely disregards the rights of our investors and Himalaya Exchange. I personally solemnly declare: I am a victim of the U.S. Department of Justice, not a victim of Mr.

Guo Wengui. I hope that the U.S. Department of Justice will return our frozen assets as soon as possible and follow normal legal procedures to restore the normal rights of Himalaya Exchange and investors.

Dear Mr. Geyer,

We are ordinary Chinese people. We believe in destroying the CCP, and are willing to follow Mr. Guo Wengui to take down the CCP! As for the investment funds, we all invested voluntarily. We are not harmed by Mr. Guo Wengui, but benefited from him.

The Himalaya Exchange can normally withdraw and deposit money. There is a normal market price. Everyone can buy and sell freely. Everything is very smooth. As a result, once the DOJ intervened, the price fell all the way, and finally the money could not be taken out, because the money was frozen by DOJ. Therefore, our losses are all from the DOJ, not from Mr. Guo at all.

Thank you!

I have never requested to withdraw my investment from HEX. On the contrary, my participation in the complaint aims to protect my investment at HEX.

If this case does not align with my request, I would choose to withdraw from the class action.

Dear Mr. Geyer,

I am one of the investors in HCN and HDO. My HID is [REDACTED].

Between May and December 2021, I transferred \$46,000 to HEX to purchase HDO and HCN as part of an investment strategy. Initially, the investment showed promising growth, gaining value and recognition among other investors. I was also pleased to learn that platforms such as G|Fashion and G|Clubs began accepting HDO as a form of payment.

Regrettably, the situation took a turn when the U.S. government intervened by freezing HEX's bank accounts. This action led to a significant decline in the value of HCN and ultimately resulted in the closure of HEX's website, leaving investors like myself to bear substantial losses.

I am compelled to express my position clearly: I urge the government to return the seized funds to the rightful investors. Additionally, I believe that the prosecution of Mr. Miles Guo is unjust, and that he is innocent of the charges brought against him.

Thank you for representing the 6,000 investors affected by this case. I hope together we can secure the restitution of funds seized by the government.

Dear Brad,

I am an investor and user of Himalaya Exchange, and my HID number is [REDACTED].

I would like to clarify that I am not a victim of Miles Guo or Yanping Wang. However, I consider myself a victim of the U.S. government. Due to the government's shutdown of the Himalaya Exchange website, I have been unable to trade or access my assets, resulting in financial losses.

Himalaya Exchange operates with the digital currency HCN and the stablecoin HDO. Through the Himalaya HPAY app, HDO could be used for purchases and exchanges with other individuals worldwide, such as buying GFashion clothing and Taiwanese tea. I have personally used HDO multiple times to purchase GFashion products and to exchange personal items with others in the past.

As a result of this government action, I consider myself a victim of unjust intervention. I am seeking your assistance in communicating with the authorities to advocate for fairness and justice in this matter. I hope you can help push for the lifting of the blockade on Himalaya Exchange as soon as possible.

I hope you are doing well.

I am writing to formally request that you convey my opinion to the judge regarding the handling of frozen assets related to Himalaya Exchange.

I am an investor in Himalaya Exchange, with HID: WBG1I PV, and my total investment amounts to approximately \$98,800. As the owner of the frozen assets and a victim of this legal case, I strongly disagree with the Department of Justice (DOJ) handling the frozen assets without obtaining the consent of the victims. Furthermore, I firmly believe that my opinion represents the stance of the vast majority of affected investors.

Instead of DOJ managing these assets, I strongly prefer that Himalaya Exchange return the funds directly to its investors.

I appreciate your assistance in ensuring my concerns are communicated to the court. Please let me know if you need any further details from my side.

To Bradford L. Geye, Attorney at Law,
Greetings, Mr. Geye,

I am Cheng Fei Dong, an investor from Taiwan, with Taiwanese identification number [REDACTED]. I respectfully request your assistance, as my counsel, to reassert my statement before the court. I solemnly affirm that I am not a victim of Miles Guo or Yvette Wang. Neither Miles Guo nor Yvette Wang has deceived me or misappropriated any of my assets. I implore the United States Department of Justice (DOJ) and the prosecutors to refrain from falsely claiming to represent me in this courtroom. I hereby make this declaration with the utmost clarity and conviction.

It is my contention that the DOJ and the Securities and Exchange Commission (SEC) have unlawfully and in violation of due process seized my assets for over three years. This action has resulted in significant financial distress, severely impacting my ability to meet daily living expenses.

I respectfully urge the Honorable Judge to promptly review the fairness and legality of the asset freeze imposed by the DOJ and SEC. I emphasize once more: I, an investor from Taiwan, am not a victim of Miles Guo or Yvette Wang. The DOJ and prosecutors must cease purporting to act on my behalf and stop misleading this court with untruths.

I earnestly request that the American judicial system restore to me and other investors the fairness, justice, and procedural integrity we deserve.

Thank you, Attorney Geye, for presenting this critical matter on my behalf.

Hello Mr. Geyer, thank you for filing a subsidiary petition for government forfeiture in case 1:23-cr-00118-AT.

I am one of your more than 6,000 proud customers. My HID is [REDACTED]. My goal is simple and direct: to return the funds seized by the US government to me, of which I am one of the investors and owners.

The government should exclude Himalaya Exchange from forfeiture. As a firm believer and supporter of the Whistleblower Movement, I wired more than \$276,000 to Himalaya Exchange in 2021 to purchase HDO and HCN.

Before the government stepped in and froze accounts related to Himalaya Exchange, I was able to use HDO to purchase Gfashion and other items. The value of HCN once reached \$53.8, but it quickly fell to \$10 before the government froze the platform. I have suffered huge financial losses due to the government's series of attacks on Himalaya Exchange and other businesses, such as seizures, freezing bank accounts, and finally forfeitures.

My message is clear: Miles Guo has never deceived me or anyone. Miles Guo is completely innocent. The fact that Miles Guo is in federal prison is a travesty, a joke, and a blasphemy to the American justice system!

I have become an innocent victim of government interference in our legitimate business, and I demand the return of my assets.

Thank you again for your strong stand against the corrupt, broken justice system! Looking forward to justice being served. [REDACTED]
